Prize presentation at NSO

Mrs Cassandra Bonnici from St. Paul’s Bay won two return Lufthansa operated tickets to Frankfurt or to Munich, following her participation in a lottery at the National Statistics Office’s Trade Fair stand. When presenting the prize at the NSO yesterday, Michael Pace Ross, Director General, thanked Mrs Bonnici for visiting the stand and highlighted the importance of everyone’s participation in the forthcoming Census of Population and Housing, which will be held in November.

The Census will determine demographic and social characteristics pertaining to persons, families and households in Malta, including information on housing and amenities at a national, regional and local level. Census Day will be Sunday, 20 November. Censuses are taking place across all EU Member States this year.

Persons who would like to know more about the Malta Census are encouraged to visit www.census2011.gov.mt or send an email to census2011@gov.mt.
