Census of Agriculture 2010: Results

The National Statistics Office will be presenting the results of the Census of Agriculture held last year.

The Census of Agriculture is held once every ten years, the last exercise of this kind dating to 2001. It represents a stock take of agricultural holdings, arable land, livestock, the agricultural work force, agricultural production and machinery, among others. Findings include a total utilised agricultural area of 11,453 hectares, and a work force of over 18,500.

Details are as follows:

DATE: Tuesday, 3 January 2012
TIME: 1030-1115 hrs
VENUE: National Statistics Office - Conference Hall

Members of the media are cordially invited to attend.
