The first part of the
 manuscript is written
 in a very old hand
 and is very difficult
 to read. It appears
 to be a list of names
 and places, but the
 handwriting is so
 faded and the ink
 so light that it is
 almost impossible
 to decipher. The
 second part of the
 manuscript is written
 in a more modern
 hand and is much
 easier to read. It
 appears to be a
 continuation of the
 list, but the names
 are much more
 clearly written.
