## Corradino Prison.

*Questions.**Answers.*

- I. If the Prison is on a separate system, is the separation complete? And if not, what is the separation enforced by day and night respectively?
- The Prison is on the mixed cellular system as regards the criminal ward. The separation is complete as regards prisoners undergoing hard labour of the first class for the first twenty-eight days — After this period, prisoners are employed on hard labour of the second class, in association as far as practicable.
- II. If not on the separate system, what provision is there for the supervision of the prisoners while in association?
- The prisoners while in association, are supervised by Warders in the Male Division, and by Sisters of Charity in the Female Ward.
- III. How many cells are there and how many wards?
- There are 264 separate cells, and eight wards.
- IV. Taking the average number of prisoners in gaol, how many cubic feet of space are there for each prisoner during the hour of sleep?
- In the Criminal wards there are 1,120 cubic feet of space for each prisoner in 78 cells; and 1,260 cubic feet in 186 cells.
- V. How are the prisoners classified?
- Long sentence prisoners are sub-divided into three grades, viz:—lower, middle and upper —six months good conduct being required before passing to the middle grade, and three months to the upper grade.

Valletta Lock-up (*in the Palace of the Courts of Justice*).*Questions.**Answers.*

- I. If the Prison is on a separate system, is the separation complete? And if not, what is the separation enforced by day and night respectively?
- It is not on a separate system and no effectual separation can, as a rule, be enforced either by night or by day, owing to the fact that the premises are defective and ill suited for the object for which they are intended, viz :
1. The temporary detention of prisoners, sentenced during the day, until their removal to the Carradino Prison in the afternoon.
  2. The temporary detention of persons apprehended in the evening or by night until the next conveyance to the Carradino Prison.
  3. The temporary detention of prisoners escorted from the Carradino Prison early in the morning to undergo trial before the Magistrates, or before H. M.'s Criminal Court to communicate with their legal adviser, when their defence is taken up by the Advocate for the Poor.
  4. The detention of prisoners sentenced to not more than three days.
- II. If not on the separate system, what provision is there for the supervision of the prisoners while in association?
- They are occasionally supervised, day and night, by the Keeper of the Prison and by the Inspector and Sergeants of Police on duty at the Main Station.
- III. How many cells are there and how many wards?
- There are 8 cells now in use : all the others are damp, dark and insanitary.
- IV. Taking the average number of prisoners in gaol, how many cubic feet of space are there for each prisoner during the hours of sleep?
- See Answer No. 1.*
- V. How are the prisoners classified?
- A classification is not practicable.

*Questions.**Answers.*

I. If the Prison is on a separate system, is the separation complete? And if not, what is the separation enforced by day and night respectively?

It is not on a separate system, but the premises admit, generally, of the separation of persons sentenced to imprisonment from others who are under examination or remitted for trial.

II. If not on the separate system, what provision is there for the supervision of the prisoners while in association?

They are occasionally supervised by the Keeper of the Prison, or by the Warder.

III. How many cells are there and how many wards?

There are four cells and three wards, two of which wards have airing yards.

IV. Taking the average number of prisoners in gaol, how many cubic feet of space are there for each prisoner during the hours of sleep?

The cells and yards being very spacious, and the number of persons detained in the same limited, no possible doubt can be entertained of the prisoners being too closely confined.

V. How are the prisoners classified?
