## QUESTION III—cont.

FOR ALL HOSPITALS:—

(I.) In reference to the above Table, state whether or not the Register Books were produced on every occasion; and, if not, on how many occasions they were not so produced.

Always kept ready for inspection.

(II.) And if on any occasion when they were examined they were found not to be properly made up to date of examination.

Always found made up to date.

(III.) State also how many reports of the following kinds have come under the notice of the Governor:—

- Reports of a Financial or Statistical kind, especially such as show the system on which Money and Store Accounts are kept and audited.
- Reports by persons charged with the immediate management of the Hospital.
- Reports by a Government Inspector, independent of the Governing Authority of the Hospital.

(Append copies of his Reports, if any.)

The queries do not apply to Malta as all Government Hospitals and Asylums are under the management of the Comptroller of Charitable Institutions and the Commissioner for Gozo who correspond with the Minister for Public Health, as often as is necessary, on all questions of organization, discipline, and finance; and furnish an annual report on the working of the Department.
