Labour Cost Statistics update

Regarding the [clarification note](#) sent to you last week dated 5 April in connection with Labour Costs Statistics, we wish to notify you that Eurostat has revised these figures for Malta. The updated data can be accessed from the following [link](#). Other than Labour Cost levels, in this table you will also find data on Wages and Salaries, Labour Costs excluding wages and salaries, and the percentage share of non-wage costs. Time-series data is available for all EU countries.

We appreciate your cooperation and apologise for any inconvenience caused. Should you require additional clarification, please don't hesitate to reach out to us at nso@gov.mt.
