Visit by Ms Mariana Kotzeva, DG Eurostat

Ms. Mariana Kotzeva, the Director-General of Eurostat, visited the National Statistics Office on the April 18 and 19 to discuss official statistics and to emphasise the significance of collaboration in addressing future statistical requirements with the National Statistics Office and its partners.

It is a great opportunity for the NSO to engage with her in discussions on the recommendations of the peer review and on ways of addressing them in the short to medium term. Ms. Kotzeva's visit provides the NSO and its partners with a unique chance to gain insights directly from Eurostat and enhance their collaboration with the organisation. Her expertise and guidance can significantly contribute to our efforts in enhancing the quality and reliability of Malta's official statistics. The NSO believes that its engagement with Ms. Kotzeva demonstrates Malta's commitment to excellence in official statistics.

During her visit, Ms Mariana met with the Ministry for Finance, Ministry for Health and Active Ageing, Ministry for the Environment, Energy and Regeneration of the Grand Harbour, the Malta Statistical Authority, and with the Environment and Resources Authority.
